# PARK TO PARK

---

*That's WY*

---

## REGION DESCRIPTION

Follow the path of those who came before us on your way to Yellowstone. Stretch your legs on the historic trails winding through the heart of Wyoming and learn about the dinosaurs that trekked them more than 100 million years ago in the Bighorn Basin. Scenery straight out of an adventure magazine and plenty of welcoming towns make the Park to Park region ideal for a variety of getaways, from rugged backcountry escapes, to relaxing hot springs retreats.
